PROFILE

I am a highly motivated and detail-oriented Software Engineer with expertise in programming languages including C, C++, Python, and PHP. I have been working for two years as a full-stack web developer, and computer maintenance. My experience includes internships at Zenera Technology (Ztad) and Afritech Bamenda, and two years of successful freelance web development. I am currently pursuing CEH (Certified Ethical Hacker) certification. Skilled in building secure web applications and adept at problem-solving, I am eager to contribute to innovative tech teams by leveraging my technical skills and strong educational background.
